S.A. ISHAQUI | DC
HYDERABAD, JULY 15

Information, Technology and industries minister K.T. Rama Rao on Wednesday announced that five IT parks will be coming up in the eastern corridor of the city along Uppal, Mallapur and Nacharam. Speaking at NSL Arena in Uppal after handing over letters approving conversion of industrial parks into IT parks, he said that the five parks will come up over about 25 lakh square feet and will generate direct employ-

ment for about 30,000 people. KTR announced that the state government will soon bring out a "Hyderabad Growth in Dispersion (GRID)" policy to attract new investments for eastern side of the city. Stating that the policy is awaiting Cabinet nod, he said the new policy will ensure development of Hyderabad on all four sides. The minister said more such GRIDs are being planned to focus on creating and enhancing employment and residential opportunities with ade-

quate infrastructure. Referring to the government's plans to develop infrastructure in eastern parts of Hyderabad, he said recently, a review meeting was held with different stakeholders to understand the various requirements of this region. He said that one skywalk between Uppal and Narapally, and a flyover from Amberpet to Ramanthapur are in various stages of construction.
